• **Debates**

moderated debate with the participation of the audience and invited guests;

• **Exhibition**

stexhibitors with a presentation of the latest solutions in the industry;

• **Networking**

establishing business relationships in order to cooperate, exchange knowledge and skills.

OPINIONS OF PARTICIPANTS

STANISŁAW STYGAR

Director of the Department of Supervision of Security Services, PIAST GROUP Sp. z o.o.

"PIO conferences with the participation of experts and companies offering the latest technologies in the field of personal and property safety, give us the opportunity to learn from the best and quickly implement new solutions in our security systems.

"I am glad that PIO is giving the right direction in the development of a difficult market, which is the security industry."

PAULINA MANIECKA

Project director - SECUREX, MTP Group

"The Security Industry Conference is one of the leading events in the security sector in which we have been participating for years as a partner and exhibitor. It is a perfect place to exchange knowledge and experience among professionals, and also a time to acquire business know-how.

For us, participation in the conference is an incredible opportunity to get acquainted with valuable opinions from the market, which allow us to develop effective strategies for the development of the SECUREX fair in the coming years. We recommend participation in the conference to all those who care about unlimited possibilities of acquiring knowledge."

MARCIN LEPKA

BoM representative for safety and security, Dino Polska S.A

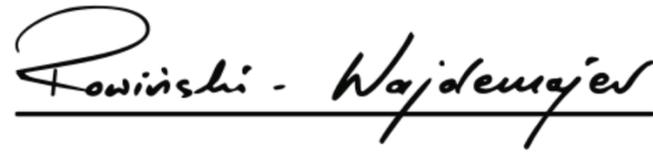

"In my opinion, conferences organized by PIO perfectly complement the knowledge for people holding the positions of Security Managers.

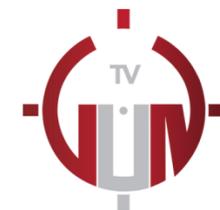

Access to the latest technologies, interesting presentations, the participation of the best experts in the field of broadly understood security guarantee that people responsible for corporate security will certainly be able to have constant access to the highest security standards."
